DESIGN A SET OF BOOKMARKS

Create your own characters, in the style of Rob Biddulph's.

ILLUSTRATION Rob Biddulph

A large area of the page is enclosed in a dashed-line border, intended for designing a set of bookmarks. On the left side of this area, there are several pre-drawn elements: a pair of scissors, a pair of eyes with thick eyebrows, and five different cloud shapes. The rest of the dashed area is empty, providing space for the user to create their own designs.
