## Athletics

Use 8 objects to make a V shape

Start at the narrow end and jump across from one side to the other.

Try using 1 foot and 2 foot jumps first. Then just jump 2 feet to 2 feet.

See how far along you can jump across your 'V'.

You will need 6 small pieces of paper.  
Place them on the floor in an interesting pattern.

Choose 6 balances that you can do on different body parts.  
Perform one balance on each of your paper 'spots'.

Try starting at different spots to decide the order that you would like to put your balances in to make a sequence.

Can you find a different way to travel between each spot/balance?

Tick the box once you have completed this challenge!

## Ultimate Frisbee

You can use a Frisbee (disc), a paper plate (upside down flies best), or any circular container lid.

Can you ask someone in your family to throw your disc to you so you can catch it?

Try catching it in two hands and then one hand. Which is easiest?

High Catch    Low Catch

Practise catching the disc using these 'pincer' grips.

## Dance

### Outdoor and Adventurous Activities

Find 10 small objects and spread them out on the floor.

Ask someone to help you out.

Ask them to close their eyes and guide them through the obstacles to the other side by giving clear instructions. Could they collect some 'treasure' when they get there?

## Football

You will need one ball for your challenge.

Make sure you have a clear space.

Get a family member to time 30 seconds for you. How many turns can you do in your space in this time?

Repeat the challenge – this time, how many different turns can you do in 30 seconds?

Can you invent your own turn?

Tick the box once you have completed this challenge!

## Gymnastics

Can you use either the ribbon, ball or hoop to create a 30 second routine?

To make your routine interesting try adding:

URNS JUMPS LEAPS  
BALANCES TWISTS THROWS

Record your routine. What aspects of your routine could you improve?

Tick the box once you have completed this challenge!

## Dance

You will be working on popping, locking and waving.

Can you create 10 seconds of dance which contains locking, popping and waving?

Can you challenge a member of your family to a dance off using these techniques?

## Sitting Volleyball

Sit facing 4 areas which are set out as in the diagram below.

1	2
3	4

Hold the ball above your head or get someone in your family to hold the ball.

Try to hit the ball with the palm of your hand into the areas.

How many points can you score with 10 hits?

Tick the box once you have completed this challenge!

PE at Home

## Handball

The goalkeeper in handball is an essential player as they stop goals being scored.

Goalkeepers need good reactions to prevent the ball going into the goal.

For this practice, you will need four colored pieces of paper. Stick them to a wall about 1 metre apart from each other.

Ask a family member to shout out different colours – how quickly can you touch that colour?
