Introduction

Today children will continue to consolidate understanding that adding 'ation' to verbs turns them in to nouns. Can children remember any 'ation' words from the last list?

Word ends in 'e' – remove e and + 'ation'

Word ends in 'y' – remove y and + 'ic' + 'ation' (multiply to multiplication)

Most other words you can just add 'ation' straight on the end.

Main Teaching Activity

All of the words in today's lists follow the same rule, ask children if they can spot what it is and have a speed write on their whiteboards to write the root word. See how many they can correctly write in 3 minutes.

Click the slide to check the answer.

Discuss any errors or misconceptions.

Independent Activity

Ask children to write 5 sentences using words, appropriately, from the spelling list.

To extend children you could ask them to also write a sentence for the verb form of the word. E.g. a sentence with 'location' and one with 'locate'.

Introduction	<p>Today children are learning about adverbs that end with 'ly' – words that explain 'how' something is done. The general spelling rules are:</p> <ul style="list-style-type: none">• If the root word end in 'y', change the 'y' to an 'i' and add 'ly'• If the root word ends in 'le', change 'le' to 'ly'• Most other endings you just add 'ly' <p>Ask children if they can think of any adverbs that end with the 'ly' sound.</p>
Main Teaching Activity	<p>Using the power point slide, get children to apply the spelling rules to the list of words, drawing a line from each word to the correct form of the ending.</p> <p>Children can copy the words on to a mini whiteboard or draw the lines on the IWB as a whole class.</p> <p>Discuss any errors or misconceptions.</p>
Independent Activity	<p>Leaving the teaching activity slide on the board, in small groups, get a child to choose a word and say what it is as an adverb. E.g. "wild is wildly".</p> <p>They then write the first letter on a mini whiteboard and pass the board to their left, the next child writes the next letter of the adverb and so on until the word is complete. The child that writes the final letter checks the spelling is correct and then picks another word from the board to start again.</p>

Draw a line from each word to correct ending to turn these words in to adverbs:

Introduction	<p>Following on from the last lesson on adding 'ly' children will learn that adding 'ly' to an adjective that ends in 'l' will turn it in to an 'adverb' – 'how' something is done.</p> <p>The rule is simple – if the root word ends in 'l' you add 'ly' straight on the end.</p>
Main Teaching Activity	<p>Speed round – children complete the power-point slide as quickly as possible, adding 'ly' to each of the root words to create their spelling words.</p> <p>Can be done on mini whiteboards individually or as a class with children coming up to the board.</p>
Independent Activity	<p>Children play spelling noughts and crosses (tic tac toe). On a mini whiteboard draw a nought and crosses grid (see powerpoint slide). Each child chooses a target word from the list and has to write it in one of the squares next child writes their word in another, play like noughts and crosses. Introduction	There are words in English that have similar spellings, root words and meanings and these are called word families. Today we will look at words with 'sol' and words with 'real' in them.
Main Teaching Activity	Speed sort! Ask children to very quickly divide their spelling list in to 'sol' words and 'real' words by writing them under two headings on their white boards. Give them two minutes and make sure they check their spellings are correct!
Independent Activity	<p>Get children to work in small groups, one child picks one of the spelling list words and writes the first letter on a mini whiteboard, then passes the board to their left, the next child writes the next letter of the word and so on until the word is complete.</p> <p>The child that writes the final letter checks the spelling is correct and then picks another word from the board to start again.</p>

Introduction	Today children will look at using the prefixes 'super', 'anti' and 'auto'
Main Teaching Activity	Using the power point slide, show children a root word. Ask them to write the prefix they think goes with it on their whiteboard and get them to hold their whiteboards up. Ask a child to try and use the word in a sentence.
Independent Activity	Give children the list of root words and the three prefix cards, in pairs get them to match the root word with the prefix and then write them on their white boards. There are additional words to just the spelling list words so a dictionary may be needed to check answers. Some words are not clear root words but will become a word once the prefix is added e.g. stitious/superstitious.

Introduction	Explain that the prefix 'bi' means two. Can children think of any words that begin with 'bi'? Discuss any suggestions and see if you can work out how the word two is relevant – e.g. bicycle means two wheels, bilingual means two languages.
Main Teaching Activity	<p>Using the power point slide, get children to add the prefix 'bi' to each of the words to create a new word on their whiteboards.</p> <p>To extend children you could ask them to use three of the words in a sentence.</p> <p>Feedback words and sentences to check for accuracy and understanding.</p>
Independent Activity	<p>Children to complete the definition for five of their spelling list words, using a dictionary. Children could work independently or in pairs.</p> <p>Children could be extended by looking up other 'bi' words in the dictionary, writing two definitions for it (one correct and one made up), they could then test the class to see which one they think is correct (like Balderdash).</p>
