

# Dictionary Challenge

Use a dictionary to help you to answer these questions:

How many words can you find that **begin** with an **a** and have an **r** for the **third** letter? One has been done for you.

**aeroplane**

How many words can you find that **begin** with a **t** and **end** with an **e**? One has been done for you.

**taste**

How many words can you find that **begin** with an **r** and are longer than **six** letters? One has been done for you.

**recognise**

How many words can you find that **begin** with a **w** and have an **l** somewhere in the word? One has been done for you.

**wheel**

Write your own rule for this one. How many words can you find that follow it?
